## HEARD AND TOLD

(By Andrew Whitaker)

Purdie said that he was one in that old picture last week.

He said that he was one in that old picture last week.

McLellan caught the limit of the spillway Tuesday. The temperature was about 60 degrees.

Rosa Thomason celebrated her birthday Wednesday, Nov. 8. Congratulations, Granny! Thomason makes her home with daughter, Mrs. McCune Talbert.

Avent caught some nice fish at the spillway Tuesday noon.

Don't forget about ordering your Christmas cards. That is, if Billy hasn't already sold you all can use!

Where Mr. and Mrs. Kelcy Britton won third place money in the Commercial Appeal-Sponsored Plant to Prosper Contest.

Tommy and Jimmy Todd reared that Tommy Darras caught a fish at the spillway Tuesday.

Last week we were so crowded that you didn't get in all of the items from the Springs and Pleasant Grove. Some other stuff. This week we have some more old pictures to run with. Weekly newspapers go to one extreme to the other.

If you are wanting four tickets to the Star Bowl game, and can't get them, then come by the GCW office Saturday morning. We have a lot of tickets to FOUR tickets, or \$6 each. First come, first served.

It won't be long now until one car from Grenada to Philipp or roads. Boyd Construction Co. is doing some work down there. It hasn't been long ago that about the only way to get thru there was via wagon.

It looks like the government is adding blacktop that short strip of road from the top of the levee down to the spillway. It is more traffic than that road over No. 8 highway.

Also, lights should be added at the spillway. Sardis and Enid always have them!

Det. Hayden from Holcomb is now regular spillway fisherman.

Saw the Bain boys, Clayton, Dewey and William down the river below the spillway Sunday afternoon. They are catching crappie by the 5-gallon can.

Also saw Kent, Bill Moser and Jack Webb out there. They all caught the limit!

It looks like Mississippi is in for some more unwanted publicity in the coming over at Belmont last week. It looks like the damn radicals of the north would leave us alone down here.

Those do-gooders of the north are less than a tinkers damn about the colored people down here. I have talked to a lot of Grenada County Negroes who have tried Chicago and other northern cities. Most of them told me that, that stuff about equal rights, equal opportunity, etc. was a lot of hokey.

Most of the people of both races down here want to be left alone!

Those two page ads from local furniture stores, Grants and Revells about saved us another week.

According to a release from Herbert Batson, the Grenada Baptist Music Association will sponsor a Community Carol Sing, Monday evening, Dec. 12 at 8, in the public square.

Also, a release from Jim Cann, Project Forester for Grenada County, stating that "the first of two million pine seedlings arrived in Grenada Tuesday."

We dislike cutting down local news releases, like the two above, but I guess that is better than completely omitting them.

### —Thanksgiving Trip To Louisiana—

Leaving Grenada on the City of New Orleans last Wednesday night at 7:30 p. m. (going south) it took four hours to get to Hammond, La., my destination, where Caroline Whitaker Eads and her family live. On this run, as conductor, was a life-long friend, Tommie Dalton, a native of Water Valley. Had the pleasure of talking to Mrs. Edith Brown Hay, during part of the trip, as she was spending Thanksgiving in Jackson with her son, Dr. Frank Hays and wife and baby. By the way, she told me that Dr. Frank has been put back to bed for 6 months. He has a world of friends who are sincerely hopeful that he will soon regain his health. Dr. Hays is the grandson of the late Dr. T. J. and Mrs. Brown of Grenada.

Howard (Caroline's husband) met me at the train and in a few minutes I was in their home. Of course we talked a while before retiring, however her youngest, Abby, age 8 months, had a cold, bordering on croup, so mother and grandmother didn't sleep much that night.

At 8:30 the next morning Abby and her parents went to the clinic and the doctor gave her a shot of penicillin, first she had ever received. She improved within hours, so we went to Baton Rouge, a distance of 40 miles, to have Thanksgiving dinner with Mr. and Mrs. John Violet. They mentioned the fact that a few more friends were to have dinner with them, however, I was amazed when about 30 people showed up. They served a most bountiful Thanksgiving dinner. John and Nell Violet are exceptional people. Nell is a sister of Caroline's husband, Howard. She is or has held the position of Secretary to the Dean of Law School at LSU. She may not have that position now, however, she is an employee, of executive ability at LSU. John Violet is the senior chemical engineer for Standard Oil Co. at their huge plant at Baton Rouge. His special guest on Thanksgiving was an oil representative from Persia. Educated in England, and married to an English girl he is here to study American know-how of the oil business. He stated that the Shell plant at his native home is twice as large as the one at Baton Rouge. He is Mr. Violet's understudy there.

The Violets have a son, John Jr. at Harvard, who is doing satisfactory work there. We returned to Hammond about 4 o'clock. Friday, it rained all day. The streets were flooded like Poplar St. is here after a heavy rain. Howard let me keep his car so we drove around town a bit, did the grocery shopping and went out to call on Earl and Marguerite Burkley. Old friends who have been so nice to Caroline and her family since they moved to Hammond and are (the Eads) practically unknown to every one else there. The Burkleys were not at home as Marguerite and little Earl Jr. and their niece and cousin Judy Townes of Grenada, were in Hammond shopping. We left a note of regrets at not seeing them and late that afternoon, Earl came to Caroline's house, announcing "I've come for Mabel". So without ever so much as extra powder on my nose I went back to their lovely country home, which is about 10 miles from town. Marguerite greeted me and showed me about their beautiful and comfortable home before serving a chicken pot pie, fruit salad and coffee supper. Little Earl said Grace. Their home, located in a landscaped pine grove is spacious and graciously planned. Earl acted as his own architect and construction boss. The interior of the home features beautiful native timber paneling which had been carefully selected over a period of years. Part of the furnishings, especially the dining table and buffet, are constructed from virgin timber thousands of years old. To the touch the wood has the smoothness of marble. Most of their furnishing came from New Orleans, which is only about 60 miles south of Hammond.

We had a wonderful time reminiscing, even tho at times one had to brush away a tear. Earl Burkley was unusually fond of Whyte, and so was Whyte of Earl. He is an active vice president of the Coopers Company and up to two years ago the Allen Coopers plant at Grenada was under his supervision. He is, at present in charge of 2 plants in that area. My children came for me about 7:30 o'clock, so after their short visit with the Burkleys, we took the children home to bed.

Saturday morning we were up bright and early to catch the City of New Orleans which meets the Panama Limited there at about 8:15 a. m. John (grandson) was to come home with me for a week's visit, but for some unknown childish reason held on to his daddy and refused to come. And he with a ticket and suit case full of clothes. Reached home at 12:15 and May met me. Whyte Jr. and Nora (the cook) were at home so we had dinner of turkey, dressing and etc. left over in refrigerator. This brings me to the present. I saw lots of sights while on this trip. The beauty, the abundance, the luxury of travel, the efficiency of the personnel making travel easy. I saw older men and women, going back and forth to the club car, who had a bit too much to drink. Young people who cluster close around a table one person doing the talking and then a burst of loud uncontrolled laughter. Somebody told a good(?) joke. The oldsters were blindly trying to recapture youth and did look so pathetic. The youngsters were pretending a sophistication they hardly felt.

Howard Eads, Caroline's husband is the construction engineer in charge of building a large class room and administration building for Southeastern Louisiana University, located at Hammond. I understand about 1,500 students are enrolled there. Frank's Lumber Co. is the contractor and I was told that the job estimate runs between 3 and 4 hundred thousand dollars. I also met the architect of this fine building while there. It's really a beautiful building and will be ready February 1st. By the way Hodding Carter's father's home is not very far from where Caroline lives. Mr. Carter Sr. died not long ago, but members of the family are still there. Son, Hodding Carter, now editor of the Greenville paper, was not too popular with some of the Louisiana politicians, who disagreed and rightly so, with his liberal views.

The Bank of Ackerman is a branch of Grenada Bank. Mr. G. M. Moore, of Grenada, president of the Banking System, left immediately for Ackerman after being informed of the robbery.

The State Highway Patrol in Starrville said two men went in and robbed the bank while another stayed in the car to make a quick get-away. They were seen leaving town in a two-toned 1954 Chevrolet which was found abandoned a few miles north of Ackerman shortly after the robbery about 11 a. m.

The highway patrol set up road blocks throughout the northeast Mississippi area. The men were last seen going east from Ackerman on No. 12.

### His Demands

Lesson for December 4, 1955

CHRISTIAN living is not a matter of vague general good will. A character in a movie remarked: "I'm not a mean man. If I heard that my neighbor's children had been eaten by wolves, I would feel some regret." Well, of course that didn't make him a Christian. (He turned out to be the villain, by the way.) But there seems to be a number of church members and others who think that being a Christian calls for nothing more than being generally at peace with the world... like a turnip. Being a Christian is a far more demanding thing. And the demands are Christ's demands. He is not a trademark, a portrait of a Founder beaming on us benevolently from the wall. He is the living Christ, Son of Man and Son of God. He makes demands on his disciples, and he has a right to make them.

#### Discipleship

Those who were closest to Jesus in Galilee, those with whom he took the greatest pains, were called Disciples. Now the least that "disciple" can mean is "learner." The first demand that Christ makes on us who would call ourselves Christians, the demand preliminary to all others, is that we learn of him. We never should assume that we know all about Jesus—his character, his teaching, his purpose. It is a sobering question: How much of our behavior, our attitudes, our thinking in various fields, our relationships with other people—how much of this did we learn from Jesus, and how much did we copy from other persons, and how much is our own invention?

#### Decision

Another demand Christ makes of us is decision. This in three ways: decision for him, decision about him, decision with him. It is especially these last two that are highlighted in this week's passages from Luke. The decision for Christ is the point at which one begins to be a disciple. But besides learning, the Christian disciple has to decide, and act accordingly, about some question that affect him vitally. One is the decision about Christ which Jesus pushed on his disciples. "Who do you say that I am?" Jesus put this question only after they had been disciples for some time. (Why?) But it can be answered at any time, and it must be answered some time, if we have any title to the name "Christian." How seriously do we take Jesus Christ? That depends on what answer we give to his question: What do we think of him? Who and what is he? The more fully we know his importance, the more seriously we shall take him. Is he a dreamer, a poet, an impractical idealist? Is he a child of his age? Important then, but now such a person as we can safely neglect? Is he a noble thinker, a stirring leader of men? Or is he, as Peter dared to believe, the Son of the living God? Has he come to us with the authority of one man's opinion, or does he speak as an ancient sage, or does he speak with the wisdom of the Almighty? He demands a decision.

#### Denial of Self

Now if we have answered the first two demands, for discipleship and for decision, we may be ready for the third demand. (This is the decision with him, spoken of just now.) We shall pay very little attention to this if we have not rightly met the other two. If we are not true learners we shall not even hear this, or we shall misunderstand it. If we think less of Christ than we ought to think, then this demand will seem egoistic, unreasonable, suicidal. It is only the Son of God who has the right to make such a demand. It is for nothing less than denial of self. There is a cheap substitute for this which is sometimes mistaken for it. It is called "self-denial" and may mean no more than going without ice cream for a while, doing without some luxury or other. Denial of self is something different entirely. Jesus puts it in terms of a crucifixion. To take up a cross was to be already on the last mile. To deny the self means to cease being one's own center-of-the-universe. It means "love thyself last." It means dying to oneself, as Paul put it, and living to God. It means "Not I, but Christ, liveth in me."

### Charleston Warriors Defeat

#### Grenada 13 To 7

By Hugh Ketchum  
Delayed From Last Week

The Grenada Bulldogs closed the 85 grid season Friday night by dropping a 13 to 7 decision to the Charleston Warriors at Proby Field before a dampened crowd of loyal supporters. The excitement-crammed battle, which was tense until the final minute of play, was the seventh loss in 10 starts for the local eleven.

Coach Bob Ellard's Bulldogs put up a fine defense against the heavier Warriors, but could not stop the running attack led by 206-pound Fullback Bobby Owens and the Hardy brothers, Carl and Dick. The ground game of the Warriors was good for 275 yards and touchdowns in the first and third periods. Grenada was never in the ball game during the first half, but came back strong in the last half to score in the third period and knock at the door in the last two minutes of play. The Bulldogs wound up with 119 yards gained on the ground, all but 24 coming in the last half.

Charleston started the scoring shortly after the opening kick-off. The Warriors put on a 72-yard sustained drive which ended with Dick Hardy crashing over from the one. The Bulldogs made them earn every inch, the drive requiring 15 plays and a 15-yard penalty before they could push it over. The Warriors marched to the 40, losing the ball on a fumble, and moved to the Grenada nine again in the second period before a field goal try was blocked by Roy Edwards. Grenada failed to move past midfield, handing the ball only 15 times during the first two periods.

The Bulldogs took the second-half kickoff on the 22 and marched 48 yards on the ground, but failed to score. The Warriors scored on a 10-yard pass from Jim Braxfield to John Carter.

the honors with a sweep around night end then added the extra point around the same terminal to give Grenada a one-point lead.

The Warriors came right back to score again. This time they accepted the kick-off at the 40 and needed only seven plays to score. Owens crashed over guard for what proved to be the winning score, then passed to George Kernodle for the point.

In the final period Grenada moved all the way to the nine before losing the ball on a fumble at the 11, then Dick Hardy slipped over guard and took off for 88 yards before Jim Braxfield hauled him down at the Grenada 11. The Hardy boys moved to the Grenada two, but the Bulldogs put up a great stand and took possession with time left for only 2 plays.

It was the final game for six members of the Bulldogs. They were Ends James Lawrence and Jim Braxfield; Tackle, Tom Carroll; Guard James Gray; and backs Shafer Spence and Jackie Todd.

Players seeing action for the Bulldogs were: Ends, Lawrence, Braxfield, Tom Holley, Buddy Jackson and Marvin Datta; Tackles, Carroll, Charlie Ferrill, Jerry Fowler and Gerald Campbell; Guards Gray, Jimmy Quinn, Joe Perry and Spivey Douglass; Center, Roy Edwards, and Backs, Spence, Todd, Branscome, Gibbs, George Buddy Lett, John Criss and John Carter.

#### John Martin of Oxberry To Teach Creative Writing

John Martin of Oxberry, a writer of fiction and poetry, will be teaching creative writing at the Oxberry Center during the spring semester.

The Center, a co-operative arrangement of the Unive-ity and Millsaps, makes available college extension and adult education courses to residents of Jackson and surrounding territory under direction of the Center.

Davidson, it has made rapid strides, both in number of students enrolled and in the variety of useful course offerings. Tillman will teach one or more groups, depending on public response to this latest offering of the Center.

Tillman was born in 1906 at Carrollton and grew up at Holcomb. His father, W. W. Martin, owns a farm in the Oxberry community, near Holcomb. A 1930 graduate of Miss. Southern College, Tillman has been a high school librarian and taught English and Spanish several years. Since March, 1955 he has authored the "Mississippi Scribblers" column in the Clarion-Ledger—Jackson Daily News Sunday edition, published a series of articles on state writers in Southern Observer, and a number of magazine and newspaper feature articles, poems, and short stories. His translation of a Mexican prize-novel was almost accepted this summer by a prominent New York publishing house; and he will edit next spring a new Mississippi literary magazine, "Slant," to be published monthly by the Center.

## ALL-STEEL BEAUTY

at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

In no uncertain terms, this one makes your travel hours prideful as well as practical. It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-ahead look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new sizzle of its advanced Variable Pitch Dynaflo®—the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach

figure—you have a car with all the suavity and comfort of a smart sedan plus the all-duty handiness of a suburban vehicle.

You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's wonderful for a host of things. It can take an inflated air mattress for sleeping. It can freight a small rowboat and camp equipment. It can hold vacation luggage, or golf clubs and such—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the folding rear seat come, at your option, in a handy split-section arrangement that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tagged SPECIAL, and the great CENTURY. And, we repeat, both newly lowered in price for 1956.

\*New Advanced Variable Pitch Dynaflo® Buick builds today. It is standard on Roadmaster, Super and Century—optional at no extra cost on the Special.

### Here's What One Editor Hears About The Speaker's Race

Delayed From Last Week

Reprinted from the Madison County Herald, Canton, Miss. issue of Nov. 17

"To jump to the other extreme in politics, I am told by a source very highly placed in the Coleman family that I can 'bet a hundred dollars that William Winter will be Speaker of the House'."

The Governor-elect, as he promised Walter Sillers in the second primary, is "hands-off" but that doesn't mean that he can't operate by remote control and without even open direction. For instance, one political leader has been visiting new legislators in the interests of Mr. Winter and an observer commented about this said political leader, "He doesn't even go to the bathroom unless J. P. Coleman tells him to!"

The casual reader may wonder why all the publicity about this race for the Speaker of the House between the young Mr. Winter of Grenada and the veteran Walter Sillers of Rosedale.

Through his appointment of the legislative committees in the House, through his control of the Rules Committee, the Speaker can, in most instances make or break any legislation that is offered. Some political experts go so far as to say that the Speaker of the House is "the most powerful man in the state government."

Mr. Sillers, who boasts that he hasn't voted for a Democratic candidate for President in 24 years, is the shining white knight of the ultra-conservatives in Mississippi.

At the same time he is a man of the highest integrity, complete honesty and great ability. And—in the last four years—it seemed he has mellowed a great deal and he went along with the progressive measures

### of the White Administration.

Young Mr. Winter is a real comer in Mississippi politics. He has been very close to John Stennis and to J. P. Coleman for some years; he is highly popular with his home folks and with the members of the legislature — he is smart, always equable, always the gentleman.

My prediction: Mr. Winter will be elected—the Old Order passeth.

My hedging: If Mr. Sillers, the Old Red Fox, regains the Speaker's savel, Governor Coleman will still have a successful administration.

—Phil Mullin
